### Message from the Guest Editors

This Special Issue invites original research articles, case studies, reviews, critical perspectives, and viewpoint articles advancing concepts, frameworks, and applications in the fields of sustainability assessment (SA) and indicators. Suggested topics include:

- Novel developments in SA and indicators under different sustainability perspectives;
- Critical analyses and the advancement of concepts, frameworks, and applications related to SA and indicators;
- Dealing with uncertainties associated with SA and estimates provided by indicators;
- Stakeholders' role in SA and in the development of sustainability indicators, including co-creation and co-production initiatives;
- Advances in easy-to-understand approaches to assess and communicate sustainability;
- Institutional and governance aspects of SA and indicators;
- Societal impacts of SA processes and indicators;
- Integration of “immaterial societal values”, such as ethics, cultural aspects, aesthetics, justice, compassion, mutual help, and solidarity in SA and indicator approaches;
- The role of SA and indicators in the efforts to meet the Sustainable Development Goals of the 2030 Agenda.

## Message from the Editor-in-Chief

I encourage you to contribute a research or comprehensive review article for consideration for publication in *Sustainability*, an international Open Access journal which provides an advanced forum for research findings in areas related to sustainability and sustainable development. The journal publishes original research articles, reviews, conference proceedings (peer-reviewed full articles) and communications. I am confident you will find the journal contributes to enhancing understanding of sustainability and fostering initiatives and applications of sustainability-based measures and activities.

## Author Benefits

**Open Access:** free for readers, with article processing charges (APC) paid by authors or their institutions.

**High visibility:** indexed by the Science Citation Index Expanded and Social Sciences Citation Index (Web of Science), as well as Scopus and other databases.

**Rapid Publication:** manuscripts are peer-reviewed and a first decision provided to authors approximately 17 days after submission; acceptance to publication is undertaken in 3.6 days (median values for papers published in this journal in the second half of 2019).
