

Dear Colleagues,

I would like to draw your attention to the ISINI 2020 conference, to be held in Wrocław, Poland, 24-25 September 2020.

The fourteenth international conference of the International Society for the Intercommunication of New Ideas (ISINI) will take place at the WSB University in Wrocław, Poland Thursday 24 – Friday 25 September 2020. You are invited to submit full papers or summaries that are within the scope of ISINI.

The purpose of the Society is: to foster the discovery and dissemination of new ideas, in particular in economics and other social sciences, to test these ideas and to study the application to problems of the real world. The Society aspires to realize its purpose by creating and upholding an environment where economists meet, consult and cooperate with scholars from other disciplines.

The major instrument of ISINI has until now been its conference. So next to the usual economists, we hope to welcome scholars in Wrocław who are working in other social sciences (including law, legal science, history and political science), who are cooperating with economists in common research projects or who are doing research in areas where both sides could benefit from an exchange of ideas.

The organizers invite scholars, young and old, to submit papers around the following thematic focal points:

1. Andries Nentjes Memorial Session – environmental economics, law and policy in the context of economic and sustainable development
2. Sustainable Regional Development Compass
3. Special CEVI session on “Energy and Valuation Issues”
4. Loss Management in a Disintegrating Europe
5. Challenges in transport and transport systems
6. Transdisciplinarity
7. Transition and structural change in Europe’s coal regions

Specific information you can find on: <http://www.isini.info/>

Please feel free to spread the information in your network,

Best regards,
Joost Platje
